2007126

ACCESS AGREEMENT

I will allow EPA staff and EPA's authorized representatives to have access to my property(ies) located at 3356 Franklin Street for the purpose of collecting soil samples. I understand that this service is provided at no cost to me.

I understand that this soil testing is part of an investigation of possible metals contamination in residential soils in the Vasquez Boulevard and Interstate 70 Superfund Site. EPA is conducting this investigation as part of its responsibilities under the Comprehensive Environmental Response, Compensation and Liability Act (Superfund).

This written permission is given by me voluntarily.

Phone Number

☐ I would like to be present during the sampling. My daytime telephone number is _____

Comments:

We just moved into our home Dec. 2001 & we have a 4 month old child. We weren't told by the previous owner about the project. Thanks.

Soil sampling will take no longer than 1 day. It is not necessary that the owner or resident be present. However, if you would like to be present, please let us know when you will be home and provide us with your daytime telephone number. You may also use the comment section to tell us special information about your property (for example, "be careful not to let dog out of the back yard"). Thank you for participating in this important study of your neighborhood.
